SUMMARY

AI-native technical marketer who turns complex semiconductor and AI topics into content, analysis and briefings for senior audiences. At Futurewei, built the IC lab's daily intelligence newsletter (40 subscribers, 97%+ open rate) and brief ~20 senior researchers and board members. Independently published an AI-search citation study and a live AI-trend dashboard, and writes Silicon to Serving, a weekly AI launch teardown.

WORK EXPERIENCE

Futurewei Technologies, Technical Marketing Intern Santa Clara, CA Jun 2026 - Present

- Launched and own **IC News Daily**, the IC lab's daily market-intelligence newsletter: **40** subscribers, **97%+** open rate and **100+** issues since July 2026. Set the editorial criteria and built its pipeline with Claude Code and Codex.
- Brief ~**20** senior researchers and board members at recurring lab meetings, distilling **30+** industry developments a week into market insight reports that keep leadership current and inform research direction and product planning.
- Created **10+** whitepapers, case studies and decks, including a semiconductor value-chain case study the lab now uses to place each news story in the chain.

CambioML, Marketing Intern, B2B and Growth San Jose, CA Sep 2024 - Feb 2025

- Raised backlinks **12%** and weekly website reach about 15% for this AI startup through SEO and content work.
- Helped market **AnyParser** on Product Hunt, where it reached **#1 Product of the Day**.
- Built a **100+** company B2B partner list and helped recruit 10 engineering interns.

Echobend, Social Media Intern Los Angeles, CA Sep 2024 - Feb 2025

- Grew average short-form video views from about **1K to 7K** per post by adapting content to platform trends.
- Ran Meta Ads campaigns on Facebook and Instagram and adjusted the creative, raising engagement **11.7%**.
- Helped publish content for client influencer campaigns featuring Sydney Sweeney, Rosé and Mariah Carey.

RESEARCH AND PROJECTS

AI search citation study (GEO), independent research

- Asked 60 buyer questions about five AI developer companies to OpenAI, Claude and Google AI Overviews and coded all **1,104** cited sources. Found the OpenAI model drew **47%** of citations from competitors' pages while the others leaned on third-party posts; published per-company fixes.

AI Attention Tracker, live dashboard

- Built a daily-refreshing dashboard of 59 AI topics across **2.6M** Hacker News stories, papers and Hugging Face models since January 2025 (Python, SQL) that flags rising topics for marketers.

L-MARS: Legal Multi-Agent System with Agentic Search and Citation-Faithfulness Audit ICML 2026 workshop

- Co-first author of a legal AI system that audits each claim against its cited sources; on 100 bar exam questions, uncited claims fell from **34%** to **13%** vs. naive RAG. Collected the data and designed the agent harness.

ADDITIONAL EXPERIENCE

- **CASPA**, marketing and proceedings volunteer (2026). Promote the 35th Annual Conference and edit event video.
- **Amazon & GO**, advertising campaigner (2022). Ran a $2,000 paid campaign for Acure; traffic and click-through rate rose 20% and sales about 10% over four months.
- **Earlier**: UX research and digital media at Illinois; Choom dance crew co-founder; Abercrombie & Fitch.
